NA – Não Avaliada.

Perfil da Transação: Os direitos creditórios a serem adquiridos pelo Apolo FIDC são representados por sete instrumentos de assunção de dívida (IADs) devidos pela Eletrobras. As dívidas representadas por estes instrumentos eram originalmente devidas por subsidiárias da Eletrobras à Petróleo Brasileiro S.A. e foram assumidas pela matriz em 2018. Assim, a companhia de eletricidade se tornou a única devedora da transação. A Petrobras é a cedente dos direitos creditórios ao fundo, que emitirá somente uma classe de cotas. Todos os IADs serão pagos em 65 parcelas iguais, mensais e consecutivas, sendo o primeiro pagamento previsto para 30 de setembro de 2019. As parcelas serão atualizadas diariamente pela Selic. As cotas do Apolo FIDC também serão amortizadas em 65 parcelas iguais, mensais e consecutivas, com o primeiro pagamento em 1º de outubro de 2019.
